## **Royal Skandia Adds BMG's Uncompromised Bullion Funds**

**Markham, ON - April 12, 2013** - Bullion Management Group Inc. (BMG) of Canada is pleased to announce that Royal Skandia, a member of the Old Mutual Group, known for its offshore and cross-border investment solutions, has added the BMG BullionFund and the BMG Gold

BullionFund (the "Funds") to their innovative medium- and long-term saving and investment solutions. The funds are now available on the Royal Skandia unit-linked fund range.

### **Why BMG Funds?**

Bullion Management Group Inc. (BMG) was established in 2002 and now holds approximately CDN\$600 million in assets under management. Its mission is to be the global leader in providing secure, cost-effective and transparent ways to purchase and store uncompromised physical gold, silver and platinum bullion for real wealth preservation and true portfolio diversification.

BMG is one of only two Canadian firms that have gained the distinction of qualifying as an Associate Member of the London Bullion Market Association (LBMA), a distinction only bestowed on firms that meet the LBMA's rigorous standards. It is also the first Canadian bullion fund to belong to Canada's Social Investment Organization (SIO). These memberships reflect BMG's continuing pursuit of the highest global standards for purchasing and storing bullion while providing its clients with the utmost in integrity, security and transparency.

The Funds are open-ended mutual funds, thus providing the same liquidity as their underlying precious metal assets; BMG does not trade or attempt to time the market; and the Funds have no exposure to counterparty risk. Physical bullion in the Funds is stored on an allocated and insured basis under a custodial agreement with The Bank of Nova Scotia in its LBMA member vault in Toronto, Canada, a country known for its chartered banking system, excellent economic standing, based on natural resources, and strong multicultural democracy.

BMG BullionFund is the world's first and only open-end mutual fund trust that purchases equal dollar amounts of gold, silver and platinum bullion.

BMG Gold BullionFund is an open-end mutual fund trust that purchases only gold bullion.

It should also be noted that because the Funds hold only pure physical bullion, tax efficiency is assured as no sales tax or withholding tax is applicable on bullion in Canada.
