

## About BMG BullionBars

Launched in 2008, the BMG BullionBars™ program allows clients worldwide, through the use of a unique, secure and transparent process, to easily purchase and store individual bars of investment-grade Good Delivery gold, silver and platinum bullion, and 1-ounce gold, silver and platinum Maple Leaf coins. The 1-ounce silver Maple Leaf coins can be purchased in monster boxes of 500; 1-ounce gold Maple Leaf coins in tubes of ten or boxes of fifty tubes; and 1-ounce platinum Maple Leaf coins in tubes of ten. Worldwide storage is available in LBMA-member vaults by the custodian of the Royal Canadian Mint (the Mint) and certain sub-custodians of the Mint, including Brink's Canada Limited (collectively with its global affiliates, Brinks).
